## About the NAPOA Training Symposium

The National Asian Peace Officers' Association strives to strengthen the integrity of our criminal justice system, and the safe and effective delivery of policing services.

The Training Symposium will focus on providing excellent presentations to assist all Law Enforcement agencies to build stronger relationships with the communities, recruitment and mentoring, preparing and supporting members in the promotional process and working with various law enforcement leaders to increase and diversify the work force.

The National Training Symposium will offer topics that are both dynamic and compelling, concerning Homeland Security, Terrorism, Current Trends & Investigation Techniques, Leadership Development, EEO Process and Bridging the Cultural Gap, Officer Safety and Survival, Wellness, Promotional & Inter-view Preparedness, Management & Leadership as well as other topics of general interest.

The instructors are all recognized experts or specialists in their fields of expertise. This Training Symposium will provide valuable insight on contemporary issues and trends facing law enforcement and an opportunity for attendees to meet and collaborate with local, state, and federal personnel from law enforcement agencies throughout the country.

\*NAPOA will follow health and safety restrictions/guidelines as required by the hotel/venue at the time of the training symposium and exposition.
